

OHIO Practical Nursing Program (2019 Curriculum; effective 1/1/2019) - Course Guide

The course guide lists, by term, the courses you will take during the PN program. Identify the term you will be in for the upcoming quarter to determine which courses, and their components, you will need to select to complete your online registration. The checkmarks, listed after the course title, indicate whether the course has a lecture, lab, and/or clinical component. If a course is an online course, there will be a checkmark in the online column. Sections filled in gray indicates that the course does not have that particular component or is not an online course.
